

Devitouch

Touch Screen Control

The Touch incorporates the latest technology ensuring total control from the initial setup. It is a perfect replacement for faulty or out dated underfloor heating controllers as the unit is compatible with most other manufacturer's floor sensing thermostat probes.

This stylish cutting edge thermostat uses pulse width modulation with optimum start and optimum end programming as well as open window detection to guarantee extremely high temperature control accuracy, ensuring the Touch is one of the most efficient underfloor heating control available.

Features

Easy Automatic Setup Wizard

Large Coloured Touch Screen

Adaptive for use with other Floor Sensors

Consumption Meter

Digital Timer with Max and Min Temperature settings

Child Proof Safety Lock

Specification

Supply Voltage 230V

Switching Capacity 16A

Display Size 51 x 51mm

Unit Size 84 x 84mm

Temperature Range 5-35°+

IP Classification IP 21
